

Epic United's Volleykids Programs, Winter Season & Full Season Travel Volleyball Tryouts

This program is for young athletes wanting to learn the exciting game of volleyball, volleyball players that want to fine tune their skills, as well as, players who will soon have a tryout to attend. It may be a school tryout or perhaps one for club. Either way, it is better to be ahead of the game. Epic United's Volleykids Programs (run through Altitude & Diamond Elite) will focus on coordination, ball control, serving & attacking techniques. We will use the philosophy "LEARN, PRACTICE, PLAY" to help to make volleyball challenging and fun at the same time.
