Transportation for all LC Students <div style="border: 1px solid black; padding: 10px; margin-top: 10px;"> <p style="text-align: center; font-size: small;">Bus Rides to School for All LC Students K-12</p> <p>We are happy to announce that beginning with the start of this school year we will offer every student in grades K-12 a ride to school! We will implement this change with only slight increases to the length of some bus routes.</p> <p>Over the years, our district has required students who live in adjacent neighborhoods to walk or be driven to school provided the route did not require the children to cross a major highway such as US41 or US30. Recently, as we have focused more attention on all matters involving school safety, our discussions focused on the fact that some students walk up to 9 tenths of a mile to their assigned school. This concern became one that we wanted to address sooner versus later.</p> <p>We believe there are several benefits to expanding our transportation service. First, placing our students with our well trained and friendly bus drivers will take pressure off families who have been uncomfortable having their children walk to school without supervision. This will give relief to families who have had to alter work schedules or call on relatives and friends for transportation support. Also, for the students who have been walking, we believe getting them out of the occasional extreme weather is a good thing. Finally, we hope that an increase in the number of students riding busses will in turn reduce the congestion at those schools that historically have had more students dropped off and picked up due to the old policy.</p> <p>Tomorrow, in our online student management service through Skyward, under bussing, you will be able to see your child's pickup time and location. As in years past, the first couple of weeks involve new routes, new students and in some cases new drivers. These factors can cause slight delays until everyone gets accustomed to the changes and for this reason we ask you to be patient.</p> <p>We want to thank our transportation department for revamping our routes for this year and especially our exceptional drivers who have maintained an outstanding safety record over the years!</p> </div>

- 5. Professional Leave Request – **Action Required**

Cindy Sues moved to approve the professional leave request of Dr. Veracco for July 27th. Sandy Lessentine seconded the motion. Motion carried.
- 6. Community Healthcare Clinic

Community Health Clinic Option

- For about 8 years we have been discussing the possibility of offering staff the ability to be treated at a clinic for common health conditions at no cost to the employee
- This spring, our benefits committee finalized a plan to offer “covered employees” certain services free of any copayment through one of 4 locations in NWI
- At \$104 per visit, LCSC will save on clinic visits for common issues
- The two year agreement calls for an increase to \$107 per visit in the second year
- Marketing which will consist of voice and email messaging to staff as well as flyers at Wellness screening will begin after presentation to the School Board
- Valparaiso Community Schools, STM, and Community Healthcare System employees are already participating in a similar arrangement
- Per the FAQ, LCSC employees have choices
- LCSC employees not on the health plan may receive services but will be billed at the time of service
- As a self-funded group, we have continued to seek less expensive ways to offer the highest quality health care in order to keep these benefits as good as we can for as long as we can
- Offering covered employees basic benefits at no cost while saving our corporation insurance fund resources is a win-win

LAKE CENTRAL SCHOOL CORPORATION

The Lake Central School Corporation Administration, Employee Benefits Committee and Wellness Committee are excited to announce a new relationship with:

**COMMUNITY
HEALTHCARE SYSTEM®**

WHAT? Visit a Community Healthcare System Immediate Care location (St. John, Schererville, Valpo) for **NO COPAY** (for those LC employees covered under the Group Health Plan with Anthem Blue Cross & Blue Shield).

WHY? This a relationship that LCSC believes will benefit Lake Central employees.

- Many employees do not take the time to see a doctor when they are sick. What does this mean? Prolonged illness, absent from work, spread of germs.
- Many employees do not have a family physician.
- Many family physicians have schedules that are full.

WHEN? This new relationship begins on September 1, 2018.

Please read the attached Flyer for more details.

**COMMUNITY
HEALTHCARE SYSTEM®**

Questions & Answers

Q: What is the new benefit?

A: Lake Central has made arrangements with the Community Healthcare System for our employees to utilize four of their Immediate Care Centers.

Q: Community Healthcare (and their Immediate Care Centers) are in our Anthem Network. What is the new Benefit?

A: Under our current Group Health Benefit Plan, Immediate Care visits are subject to an In-Network Copay. The new benefit – for employees and their dependents (who are enrolled in the Lake Central Group Health Plan) – **No Copay for Immediate Care Visits** (at the four listed Community Health Immediate Care Centers).

Q: Where are the four Community Healthcare Immediate Care Centers?

A:	St. John	Schererville
	9660 Wicker Avenue	7651 Harvest Drive
	Valparaiso	Valparaiso (South)
	3800 St. Mary Drive	1451 W. Morthland Drive

Q: How does it work since there is no copay?

A: Simply provide the Immediate Care Center with your Anthem Health Insurance card and identify yourself as a Lake Central School Corporation employee (or covered dependent of an employee).

Q: Can I still go to any Healthcare provider or do I have to use the Community Healthcare System?

A: Yes, you can continue to go to any Anthem In-Network Healthcare provider and pay a copay (or you can go to an out-of-network provider and pay a lot more than just a copay).

Q: Why is this new benefit being added to our Plan?

A: Two key reasons for adding this benefit are:

- 1 – For convenience and cost
- 2 – To encourage quicker recoveries and a healthier work environment

Q: How does it work when you say that my copay is \$0?

A: Immediate Care services only include treatment for common conditions (see attached flyer). Your situation / condition may require additional services, tests or treatments. Billings for additional services, tests and treatments (that are not included in "Immediate Care") will be submitted to Anthem (i.e. you would be responsible for the deductible and coinsurance portions of the additional billings – just as you would be currently).

Q: Can Lake Central Employees, who are NOT enrolled in Lake Central's Group Health Plan, utilize these benefits?

A: Yes, Lake Central Employees (not enrolled in Lake Central's Group Health Plan) can receive Immediate Care benefits (at any of the four Community Care Centers) for a flat rate of \$104 per visit (negotiated by Lake Central School Corporation and Community Healthcare Network).

Note: Employees only – not dependents.
