PRINCIPAL'S NOTE

We are striving to create a culture of "Family". At Protsman School, we are striving to create a culture where students learn that mistakes are the most important part of learning. Apologizing and forgiving others builds a foundation of friendship and trust. Working hard and encouraging others to do the same, fosters a sense of belonging. We are a school family and want everyone to feel as though they are an important part of our family.

As human beings, our job in life is to help people realize how rare and valuable each one of us really is, that each of us has something that no one else has- or ever will have- something inside that is unique to all time. It's our job to encourage each other to discover that uniqueness and to provide ways of developing its expression.
