

# DAILY ANNOUNCEMENTS

Friday, February 24, 2017

**Thank You:** We would like to thank first and foremost all of our supportive fans (students and staff) for some great home basketball seasons. Your support has been wonderful. Thank you to those of you who realize that watching an event is not all about you, it is about your support of the people who are performing, competing and/or participating. For those of you who represent yourself and Kahler well, you should be proud. Too often you go unnoticed, and unthanked for continually doing things the right way without being asked. Too often you are scolded and reprimanded as a group for the poor decisions and lack of maturity of the (few) others around you. Incidentally, I am sure you ALL know who you are. Students who participate in extracurricular activities have courage to put themselves in tough situations in front of their family and peers. When your peers are as supportive as your family it can be a truly rewarding experience. Those of you who know you represented Kahler well last night, come by Mr. Decker's room sometime for your reward. Those of you who did not, own up to your behavior, make it right, but don't bother stopping by.

**Yearbooks:** It's not too late to get your 2017 Kahler yearbook at a discounted price. Yearbooks are available for \$35 through March 26th. Ordering information is available on the Kahler website and in the office.

**Science Olympiad:** Practice for the week of February 21- February 24. Mrs. Zollman and Mrs. Kelly will be in the Science Olympiad room Friday February 24. All team members must make three practices.

**Voss's Corner:** Mrs Voss is ready to do some spring cleaning. You can help. Pick up your book "Ghost Boy", black choker necklace with a jeweled cross, your Joker wallet, your shell bracelet, your metal bracelets with charms, your black/silver pencil pouch; and your purple/silver pencil pouch.

**Calling all LC Scientists:** This year's science fair will be held on Saturday, April 8th. If you are interested in completing a project either by yourself or with a partner, please see your science teacher for information. Registration for individual projects must be completed online between February 1st and March 17th. If you are a group project, each member needs to fill out a paper form and turn in to your science teacher no later than March 17th. Kahler cash will be given to those in attendance at the fair. If you have any questions please ask your science teacher or Ms. Gravely. Happy experimenting!!
