Dual Credit

Parent Night

11/4/14

What is Dual Credit?

Dual credit is the term given to courses in which high school students have the opportunity to earn both high school and college credits at low cost.

Dual credit courses are taught by high school teachers.

An agreement must be made between secondary and post-secondary schools to establish dual credit partnerships. Currently, each post-secondary school has different requirements for acceptance, teacher requirements and curriculum.

Cost Savings

4,706 Credits would cost a \$1,000,000

Our students/parents spent less than \$40,000

A yellow starburst graphic with a blue outline, containing the text "96% Savings".

96% Savings

Indiana's Core Transfer Library

What is the CTL?

To enable you to transfer college credits, Indiana has developed the Core Transfer Library (CTL) – a list of courses that will transfer among all Indiana public college and university campuses, assuming adequate grades.

All Core Transfer Library courses will meet the general education or free elective requirements of undergraduate degree programs, and a significant majority of CTL courses will also count as one-on-one equivalents to courses taught at your new campus.

Core Transfer Library (continued)

The requirements for most associate's and bachelor's degree programs include general or free electives which can be satisfied by taking courses you choose. Credit hours generated by courses listed in the CTL will satisfy these requirements, up to the credit hour limit set for the particular degree program.

For example, a student enrolled in a bachelor's degree program requiring nine semester hours of electives may select any three, three-credit courses listed in the CTL, from any public campus, to meet this requirement.

Indiana's Core Transfer Library

Who Can Enroll in a Dual Credit Class?

All students can take a class designated “dual credit” class for high school credit (some are LCHS graduation requirements). However, students who elect to register for the dual credit must qualify to take part in the dual credit component of the class. The requirements are based on the post-secondary school.

The Future of the LCHS Dual Credit Initiative

It is our goal to continue to expand our dual credit offerings. We firmly believe it will help us create a more rigorous curriculum that will help our students be more successful in their post-secondary studies.

IMPORTANT MESSAGE

MAKE UP DAYS / LAST DAY OF SCHOOL:

After careful consideration of the need to make up days missed due to inclement weather this winter, the corporation has decided to make up the most recent day lost on the Monday after Easter, April 21st.

The general philosophy of this administration is to avoid making up days on previously scheduled days off for fear of poor student attendance.

However, after hearing from numerous stakeholders regarding planned vacations and other conflicts if we were to make up a day on June 2nd, we believe we will serve more of our students and families by

April 21st.

Request Dual Credit Courses

Student Name

Introduction

Congratulations for choosing to pursue dual credit at Lake Central High School! Dual credit is the term given to courses in which high school students have the opportunity to earn both high school and college credits. LCHS dual credit courses are taught by regular high school faculty with support from a university faculty member. In most cases, the courses have the same syllabus and/or assessments as the college course being offered on campus. Successfully completing dual credit courses is one of the best predictors of success for students in attaining a four-year degree.

High School Diploma Type / Core Transfer Library

Students wishing to complete the Core 40 with Academic Honors diploma may use dual credit (as specified below) as one of several options. Students wishing to complete the Core 40 with Academic Honors diploma, must complete the following coursework:

- * Complete all the requirements for Core 40.
- * Earn 2 additional Core 40 math credits.
- * Earn 6-8 Core 40 world language credits.
- * Earn 2 Core 40 fine arts credits.
- * Earn a grade of a 'C' or better in courses that will count toward the diploma.
- * Have a grade point average of 'B' or above.
- * Complete one of the following:
 - a) Complete AP courses (4 credits) and corresponding AP exams
 - b) Complete IB (Higher Level) courses (4 credits) and corresponding IB exams.
 - c) Earn a combined score of 1200 or higher on the SAT critical reading and mathematics
 - d) Score a 26 or higher composite on the ACT
 - e) Complete dual high school/college credit courses from the Core Transfer Library (6 transferable college credits)
 - f) Complete a combination of AP courses (2 credits) and corresponding AP exams and dual high school/college credit course(s) from the Core Transfer Library (3 transferable college credits)

Many of the courses offered for dual credit at LCHS are part of the Indiana Core Transfer Library (CTL). To enable students to transfer college credits, the state of Indiana has developed the Core Transfer Library (CTL) which is a list of courses that will transfer among all Indiana public college and university campuses, assuming a student has adequate grades.

More information is available on the Transfer Indiana [website](#).

Two-Year Colleges

- * Ivy Tech Community College
- * Vincennes University

Four-Year Colleges

- * Ball State University
- * Indiana State University
- * Indiana University (Bloomington, East, Kokomo, Northwest, South Bend, Southeast)
- * IUPUI (Columbus, Fort Wayne, Indianapolis)
- * Purdue University (West Lafayette, Calumet, North Central)
- * University of Southern Indiana

Application/Admission

You will be applying for admission at Purdue University and/or Ivy Tech. This is done on a semester by semester basis. Admission for a particular semester does not guarantee admission to subsequent semesters. Admission to a university while still in high school does not guarantee admission once a student graduates high school and attempts to enroll as a full-time student.

Parent Access Dual Credit Information (Page 1 continued)

- * Have a grade point average of 'B' or above.
- * Complete one of the following:

Application/Admission

You will be applying for admission at Purdue University and/or Ivy Tech. This is done on a semester by semester basis. Admission for a particular semester does not guarantee admission to subsequent semesters. Admission to a university while still in high school does not guarantee admission once a student graduates high school and attempts to enroll as a full-time student.

Registration

Once you are approved for dual credit by the university, you will receive payment information from the university (excluding Ivy Tech which is tuition free). The cost per credit at PUC and PNC is \$98.12 per credit hour* (most courses are 3 credits). That same course offered on the university campus has an average cost of \$202.30 per credit hour (plus student fees/books). After completing the application process in RDS parent/student access and/or the university website, students will be subjected to deadlines for drop/add and payment set by the university. Students must drop/add courses by going to the Request Dual Credit Enrollment and Withdrawal Screen in RDS parent/student access. Grades earned by students will be reflected on both high school and college transcripts.

RDS parent access > dual credit

University Information

Student Name

Dual Credit
A dual credit course is a college level course taken by a high school student at a high school. The high school student is awarded both college and high school credit upon completion of the course.

Dual credit students must follow the rules and guidelines of the university like any other students enrolled in courses. Click the attached link to view the Purdue University Calumet, Purdue University North Central, or the Ivy Tech student handbook.

[Purdue University Calumet Student Handbook](#)
[Purdue University North Central Student Handbook](#)
[Ivy Tech Student Handbook](#)

Dual credit students must meet minimum acceptance standards to the university and are considered non-degree seeking students, enrolled in credit courses. Students are responsible for the adding/dropping of courses by going to the Request Dual Credit Enrollment and Withdrawal screen in RDS parent/student access and/or university web site. In the event your student is not accepted for dual credit by the university, a LCHS representative will contact you and withdraw your student from the dual credit course, but your student will still remain in the class and only receive the high school credit for the course. Parents/Students will be billed for payment directly by the university (except for Ivy Tech which is tuition free).

Dual credit students will have an official student record/transcript with the university. Grades received will be part of your permanent student record. Students wishing to transfer their dual credits to another college or university will need to contact the Registrar's Office at the university to have an official copy of their transcript sent to the intended institution.

Parent Access Dual Credit Information & Course Enrollment (Page 3)

Dual Credit Enrollment and Withdrawal - Semester 1

Student Name

Admission Requirements:

Purdue University Calumet

2.75 GPA and approval from LCHS guidance counselor.

Purdue University North Central

(Must meet 2 of 3) 3.00 GPA, 1500 SAT and/or ranked in upper 1/3 of class.

Ivy Tech

Admission is based on either PSAT, SAT and/or COMPASS score. Admission requirements differ for each course.

Courses available at Purdue Calumet

High School Course	University Course	Credit Hours	Core Transfer Library Course?	Enroll in University Dual Credit	Decline/Withdraw From University Dual Credit
Govt H 1 (semester)	POL 10100 American Government and Politics	3	YES	<input type="checkbox"/>	<input type="checkbox"/>
Intns Wrt1 (semester)	ENGL 10400 English Comp. I	3	YES	<input type="checkbox"/>	<input type="checkbox"/>

Courses available at Purdue North Central

High School Course	University Course	Credit Hours	Core Transfer Library Course?	Enroll in University Dual Credit	Decline/Withdraw From University Dual Credit
Span IV H (year)	SPAN 20200 Spanish Level IV	3	YES	<input type="checkbox"/>	<input type="checkbox"/>

It is extremely important for parents to understand the withdrawal procedure and timelines for each university.

Parents should check with their student's desired college for transferability of credits. Typically, degree plans are posted on collegiate websites.

Lake Central High School is only offering these dual credit courses and is not responsible for ensuring transferability of credits earned.

Acceptance of credit by a college/university is between the student and their post-secondary school.

Dual Credit Dates for the 2011-2012 School Year can be found via our website (page will be updated in early May)
