**Did you know November is National Diabetes Awareness Month? 34.2 million people, or 10.5% of the U.S. population have diabetes. Chances are, all of us know at least one person that has diabetes. Until we find a cure, we need to lift each other up and support our friends and family who have diabetes. Do not be afraid to tell YOUR story. Let's flood the school with a sea of blue in support of National Diabetes Awareness Month next Monday and Tuesday! Don't forget to wear blue next week.**
